PAINTFIX IS A ONE-WINDOW

SOLUTION FOR ALL PAINT JOBS

Intro.

Gobi's Paints is proud to offer the best painting services in the industry and introduce an exceptional team of professional applicators that will add colour to your world and transform your residential or commercial properties.

We are a team of highly experienced, reliable and detail-focused painters that love to delight our customers with unparalleled service and timely delivery that stays within budget. Our team of professional applicators ensure an easy, effortless application with flawless results. We have expertise in all kinds of exterior and interior coatings, textured finishes, stencil paint designs, wood and metal finishes, epoxy floor coatings, road markings and heat-repellant paints.

OUR VISION

Our vision is to give colour to customer's dreams and create homes, businesses and commercial spaces that are a work of art. At PaintFix, we will strive for nothing less than 100% customer satisfaction by working meticulously with customers and providing high-quality products and services to encapsulate their vision.

OUR MISSION

PaintFix is on a mission to be a game changer in the coating industry by providing world class, hassle-free end-to-end paint and service solutions for customers that will completely transform their property. Through services that are quick, efficient and meticulous, we aim to exceed the highest level of customer satisfaction and create commercial and residential projects that are a testament to our exceptional business standards

OUR VALUES

Our values are a reflection of who we are as we strive to deliver the best painting services in the industry. We pride ourselves on our trustworthiness and reliability. When our customers hire us, they can be confident that they are hiring the best in the business. From taking the time to properly prepare the work area to use the right equipment, we ensure that each project is done correctly.

INTERIOR COATINGS

When it comes to painting your home's interiors, you want the best job done. Whether it is one accent wall or a complete redo, your home deserves the best experts to give you the best painting services. Paintfix interior wall services provide you with seamless, efficient, and cost-effective solutions. We know, like you do, that the right wall paint can make a world of difference to transform your home's overall look and style.

EXTERIOR COATINGS

The first impression may not always be the last but it sets a precedent. Choose our exterior wall painting services to paint textures onto your exteriors. Make them look classy and elite with our ideas and make your house stand out. Painting your walls with warm and nude colours on the outside can complement the luxury they hold within. Choose Paintfix to decorate your exteriors today.

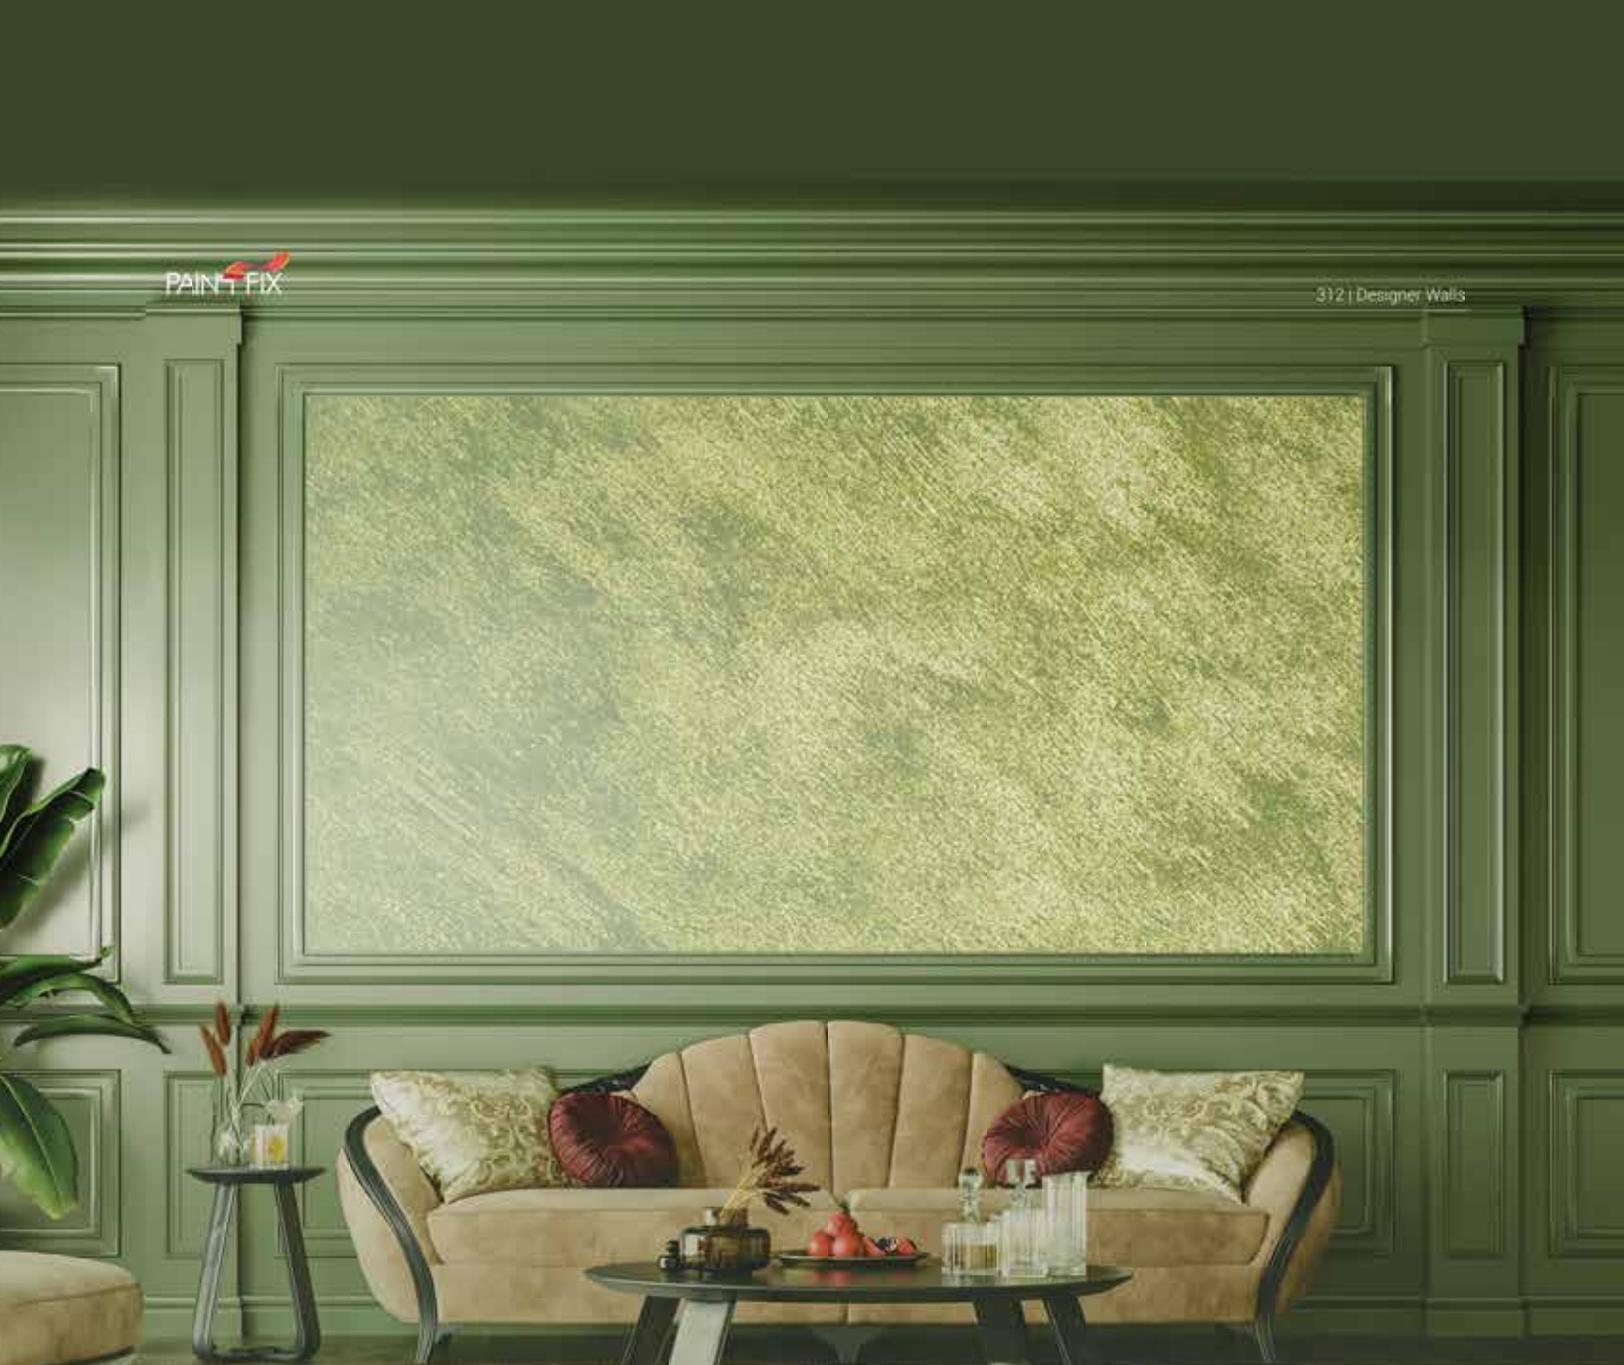

COMMERCIAL COATINGS

Whether it is an office boardroom, lecture theatres or entire corporate buildings, they all need a set design and pattern. Your office should sprout creativity and enthusiasm in your employees. Creative interiors and exteriors are not just important to your clients, but also set the mood for a healthy workplace. Paintfix brings to you our commercial painting services meant for professional and commercial spaces.

STENCIL WALLS

Plain old walls are fun but cool stencil designs? They are the trend! Choose from our range of most sought-after stencil designs and patterns or custom build the design in your mind- you can do anything you want, with Paintfix. Pick up the best paint work services in your town, and choose the best colours and designs for your dream home with Paintfix.

DESIGNER WALLS

Walls can communicate your style and class. A single wall can make or break your interiors. Paintfix gives you the perfect wall makeover with the best wall colours. Choose from our range of sleek designs and add the trendiest colours to your custom designs. Choose designs, stencils or textures to give your walls the treat they deserve.

KIDS WORLD

Energy and curiosity are every kid's middle name. Do not let the enthusiasm in them die with dull walls. Paintfix brings you our range of wall designs and patterns for your little darlings. Footballs and unicorns, Dora, Noddy or Cinderella, your kid loves them all. Give your children the surprise they deserve. Transform walls into their favorite characters every day.

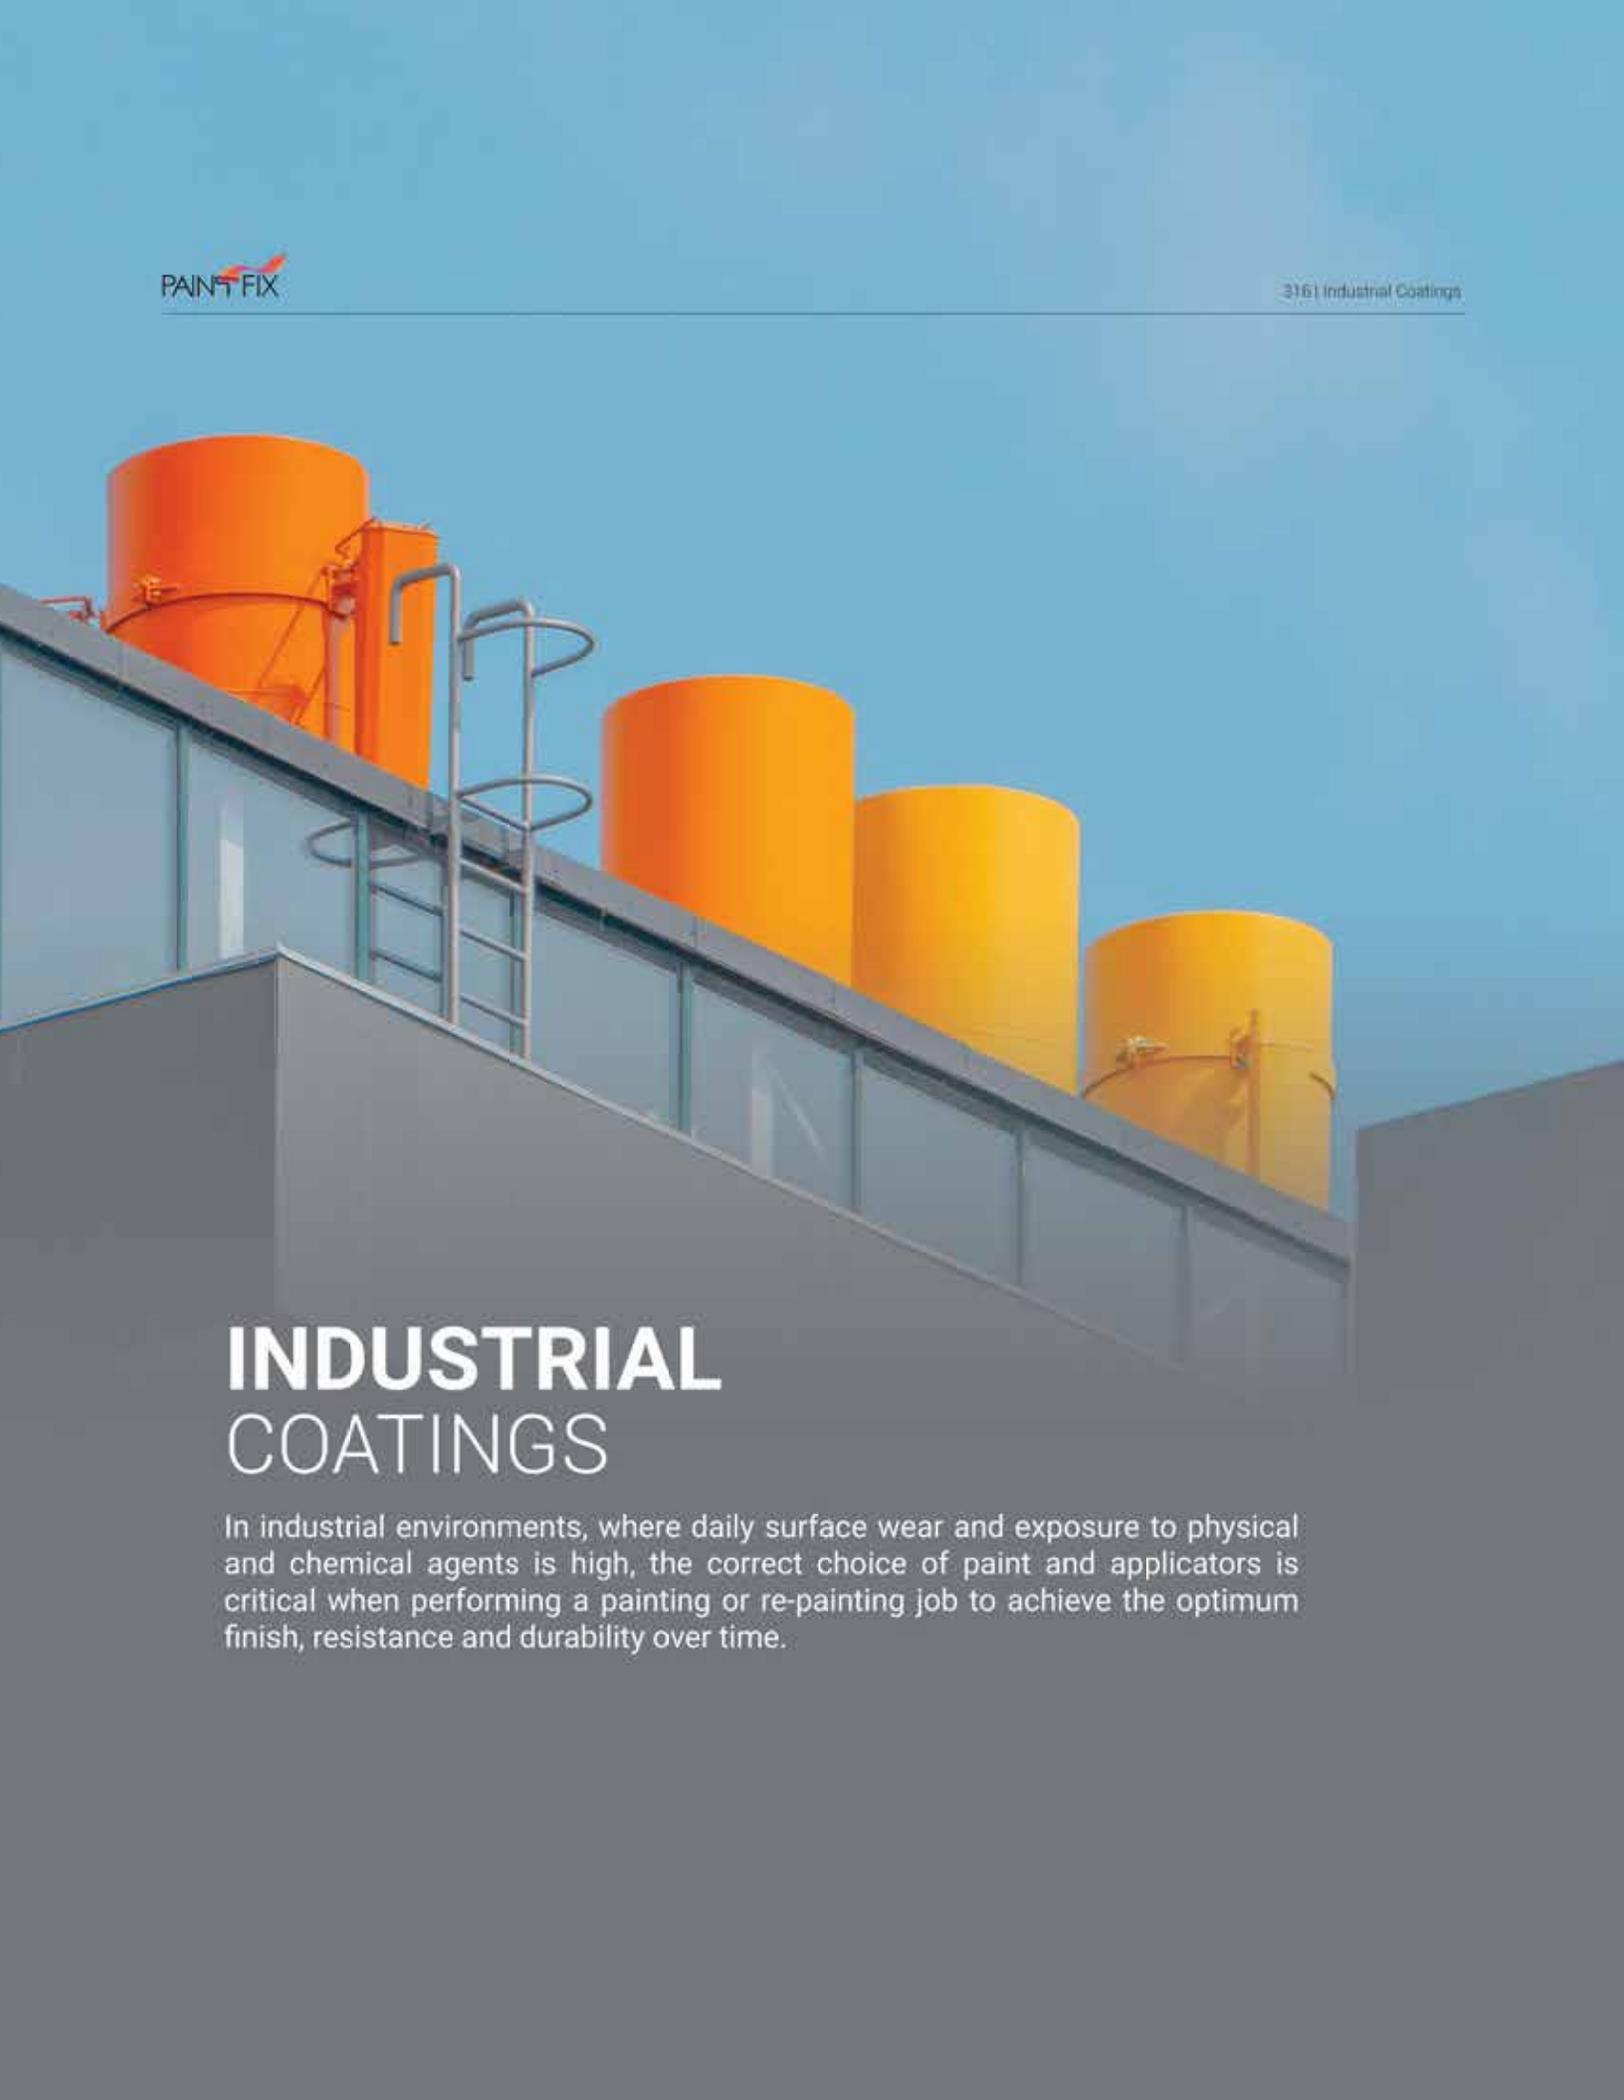

ROOF GUARD

Leaky walls and squeaky doors are quite the buzz kill. Choose Paintfix for all your roof guard solutions. Making your home completely weather resistant is necessary when rain and mould are all it takes to ruin your fresh paint job. Our skilled team precisely handles all roof guard sites to prevent seepage and wall flaking. A good quality roof coating tends to reduce the temperature by up to 4 °C. Our team's expertise ensures maximum results through its application.

WOOD & METAL COATINGS

Sleek designs are essential and so are the finishes. Choose Paintfix to set up your home and commercial property with the paints it needs. Choose our services to refurbish wooden and metallic objects in your home and commercial property so they look brand new.

A photograph of an industrial facility featuring several large, cylindrical storage tanks. The tanks are painted in a gradient from orange to yellow. They are situated on a grey metal structure with a glass railing. The background is a clear, light blue sky.

INDUSTRIAL COATINGS

In industrial environments, where daily surface wear and exposure to physical and chemical agents is high, the correct choice of paint and applicators is critical when performing a painting or re-painting job to achieve the optimum finish, resistance and durability over time.

317 Epoxy Flooring

PAINTS FIX

EPOXY FLOORING

They are used in marine, medical, military, optical, pharmaceutical, semiconductor, and textile industries. Epoxy is more resistant to environmental degradation than resins such as alkyds, which are typically used only in trim paints. Some industrial paints are applied with brushes or rollers. Others are applied with spray guns.

ROAD MARKING

Our team's finesse and dedication assure supreme quality in the application of high (TR) and (CR) that are long-lasting and highly durable.

- T.P paints (Thermoplastic)

High weather-ability in all climatic conditions, makes this product ideal for application. The product is available in the usual yellow and white with additional high reflective properties as well as customized colours, includes red and blue, for enhanced marking options and usage.

- C.R paints (Chlorinated colours)

This is a high build chlorinated rubber coating with wide applications, for moisture or water prone substrates such as car floor interior or exterior, ship base, water pools, interior of water storage tanks, or marking roads for safety and protection. It partially provides abrasion and impact resistance besides superior water resistance as well.

SPECIAL COATINGS

This coating is suitable as a sealant for numerous surfaces and shows excellent resistance to water, oils, solvents, dilute acids, alkalis, bleaches and other aggressive chemicals. It is widely used in hospitals, pharmaceutical industries, operation theaters, ceramics and factories, chemical plants, warehouses and workshops.

OUR PROJECTS

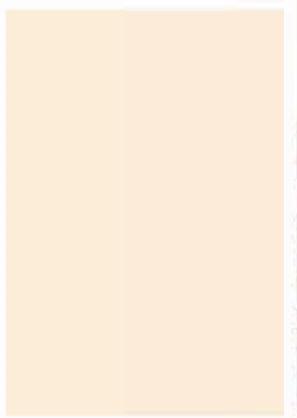

Project Detail:

This stunning residential project showcases a timeless elegance with its exterior clad in Stucco Italian Travertino radiating old-world charm and refined sophistication.

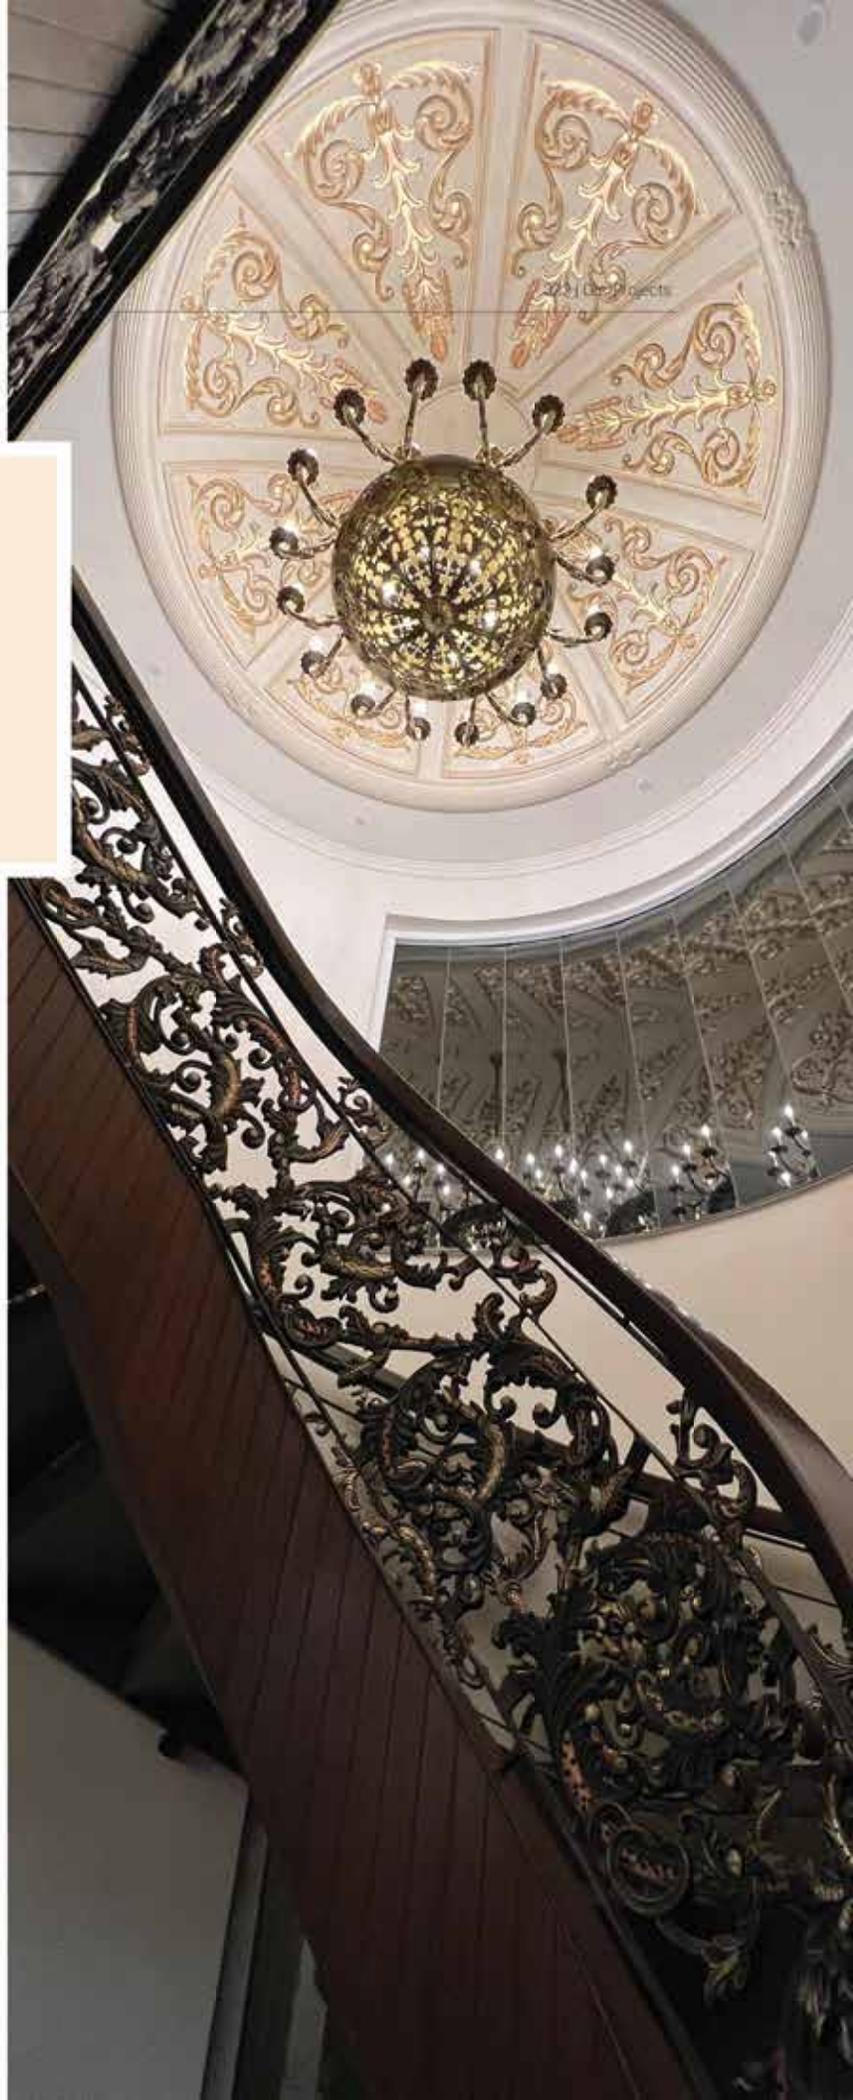

PAINT FIX

GOBI'S
Paints

A waterborne silky finish with excellent colour retention and scratch resistance. The product is washable and offers good water repellency.

Project Detail:

These peaceful, luxurious one Kanal villas that offer inviting accommodations, required paint work that exuded the same class and warm luxury that this residential area promised. This richly appointed space was predominately coated by Gobi's Paints to give it an opulent feel in tune with the classy vibes of these villas situated in the background of beautiful greens.

Step inside and behold the splendor of Venetian palaces.

Project Detail:

This project that envisioned modern facades, gleaming gates and spotless lobbies leading to spacious apartments were showcased in pleasing eye catching colours of Gobi's Emulsion's for a smooth extravagance that lasts. To maintain beautiful finishes that form a formidable barrier on metallic surfaces, Gobi's Enamel range was applied.

This project that envisioned modern facades, gleaming gates and spotless lobbies leading to spacious apartments were showcased in pleasing eye catching colours of Gobi's Emulsion's for a smooth extravagance that lasts. To maintain beautiful finishes that form a formidable barrier on metallic surfaces Gobi's Enamel range were applied.

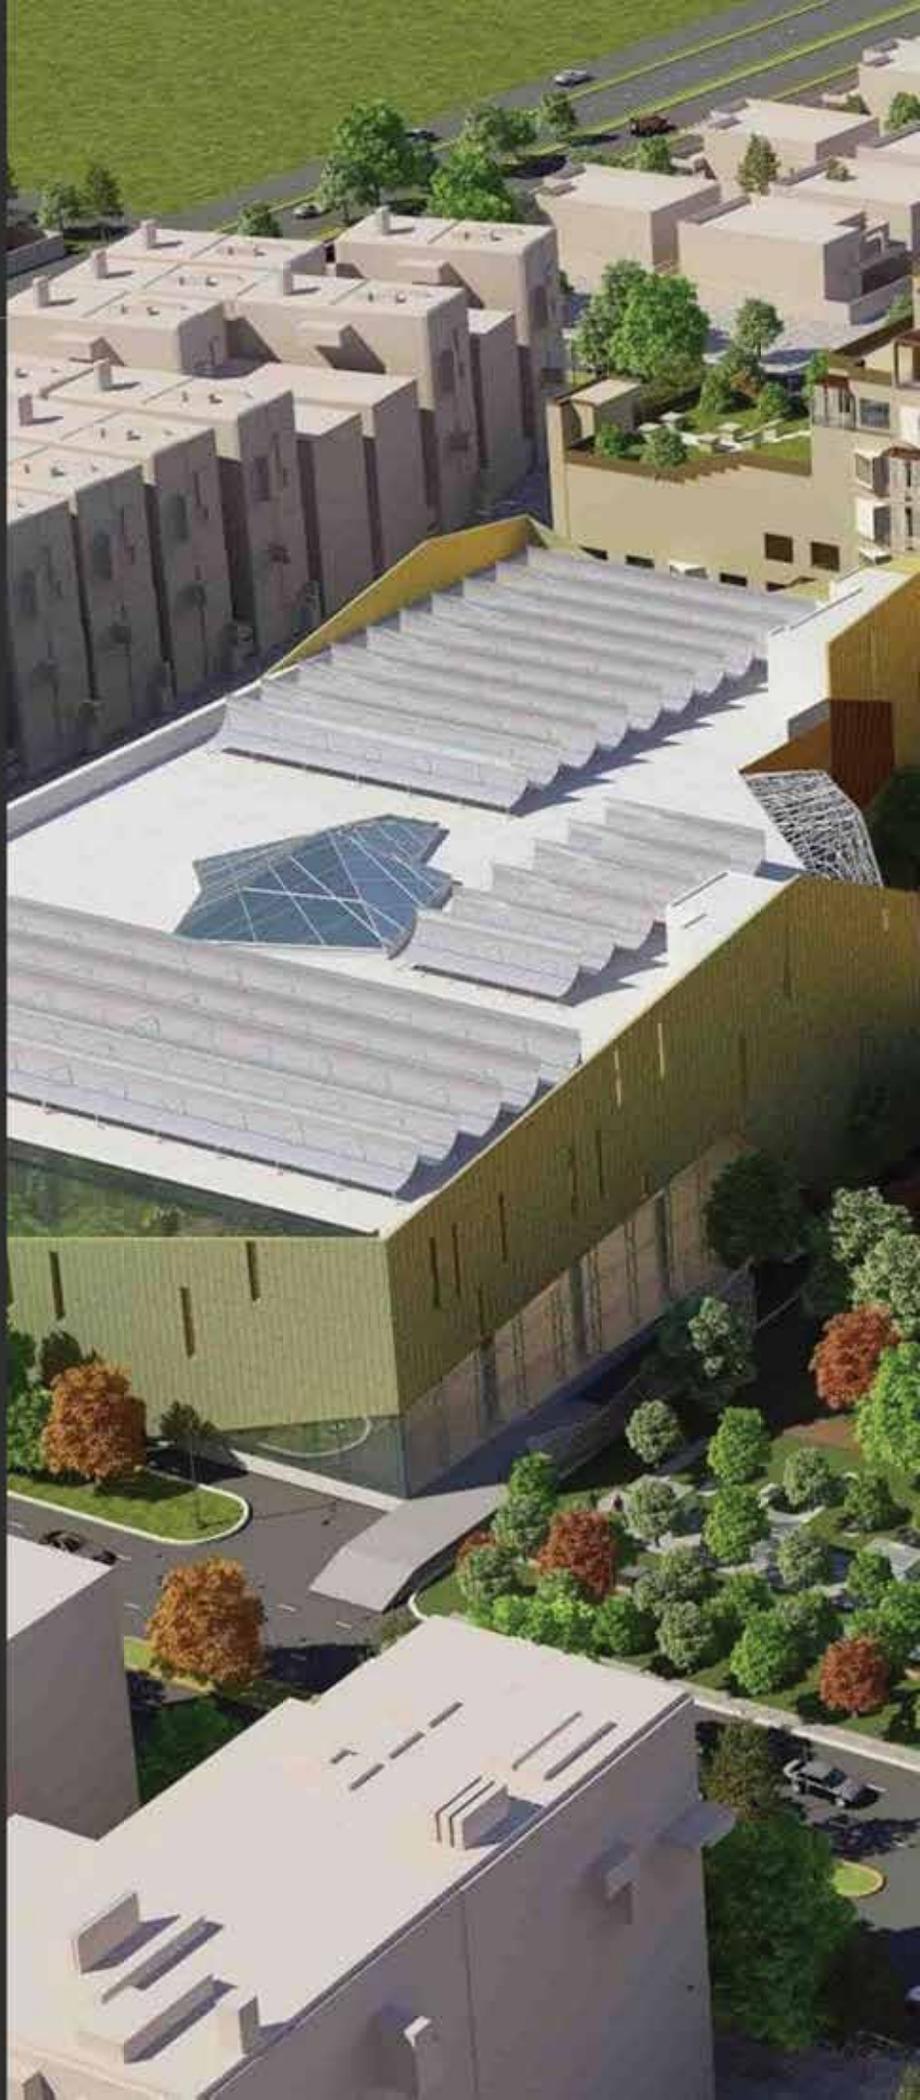

Project Detail:

This multipurpose complex, nestled in the heart of the bustling modern society of Lahore, that offers spacious and luxurious living facilities, required a façade that was beautifully energetic, attractively vibrant and conveniently livable. For bright, welcoming and elegant interior spaces, our team of professionals chose Gobi's Paints. For high quality, premium exterior finishes that would protect this high rise building from the damaging effects of all types of weather, Gobi's Weather guard was the product of choice

Project Detail:

Gobi's Paints was honored to be the brand of choice for the complete renovation of the Pakistan Military Academy (PMA), one of the nation's oldest and most prestigious institutions. Situated in Abbottabad at an elevation of 1,220 meters (4,000 feet), the Academy's iconic buildings were meticulously refurbished using Gobi's Paints. The project reflects a commitment to excellence, durability, and national pride—offering the best to the best of the nation.

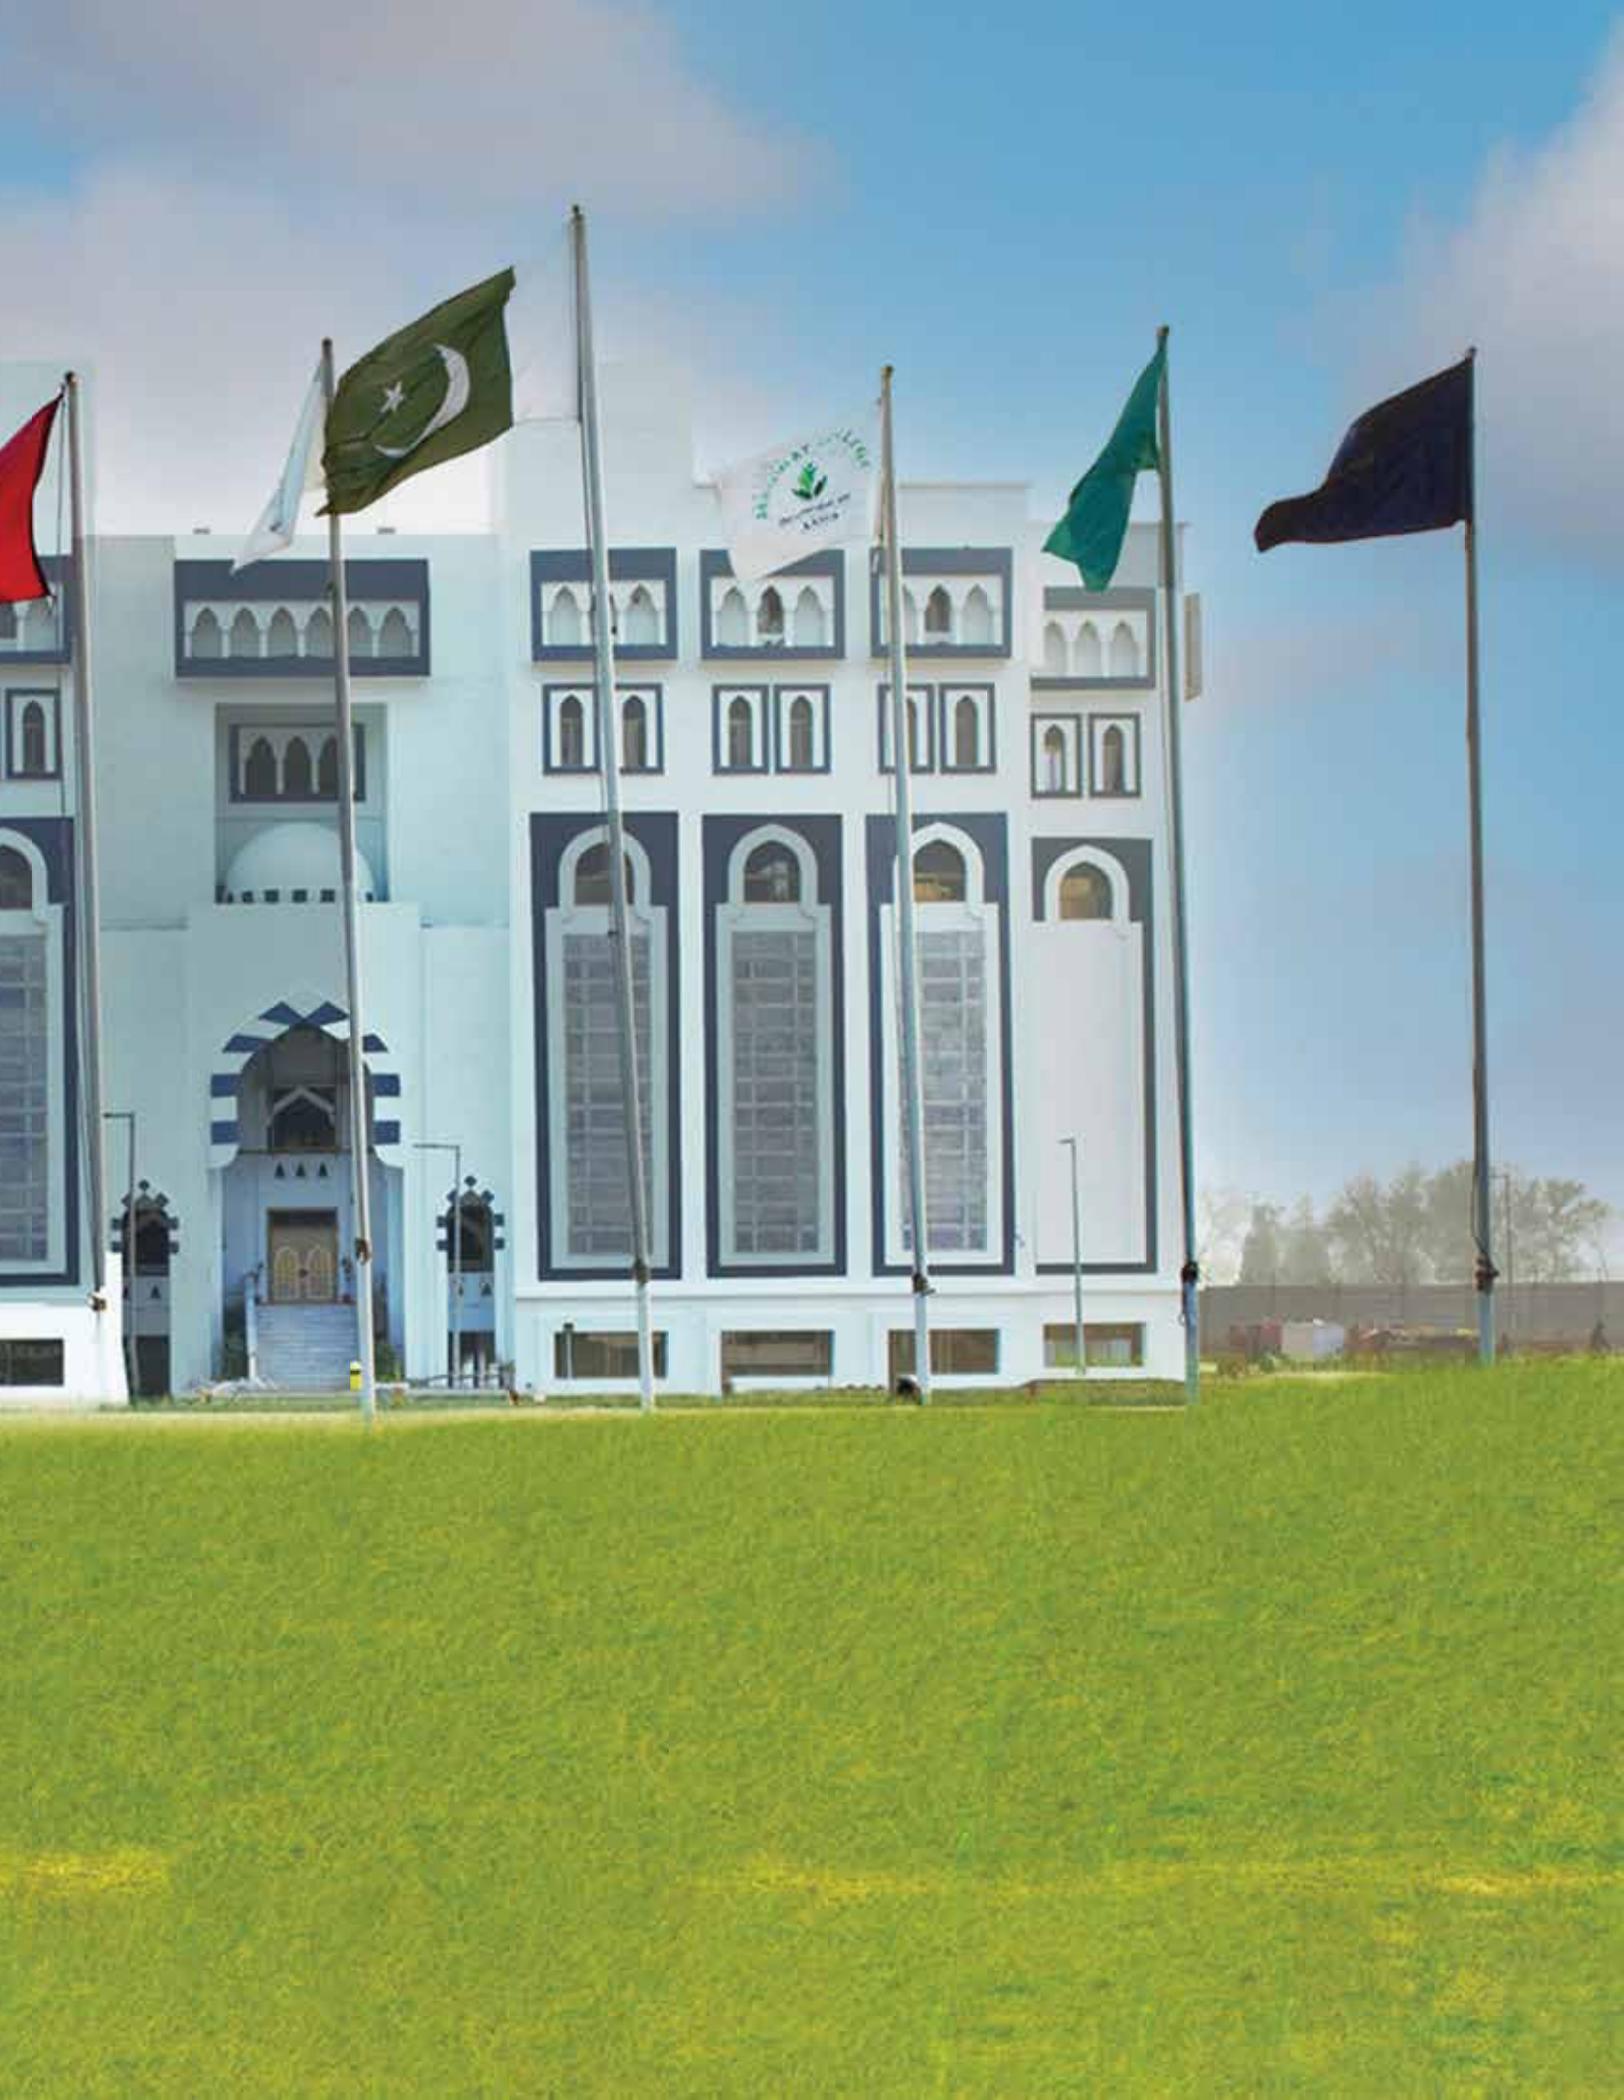

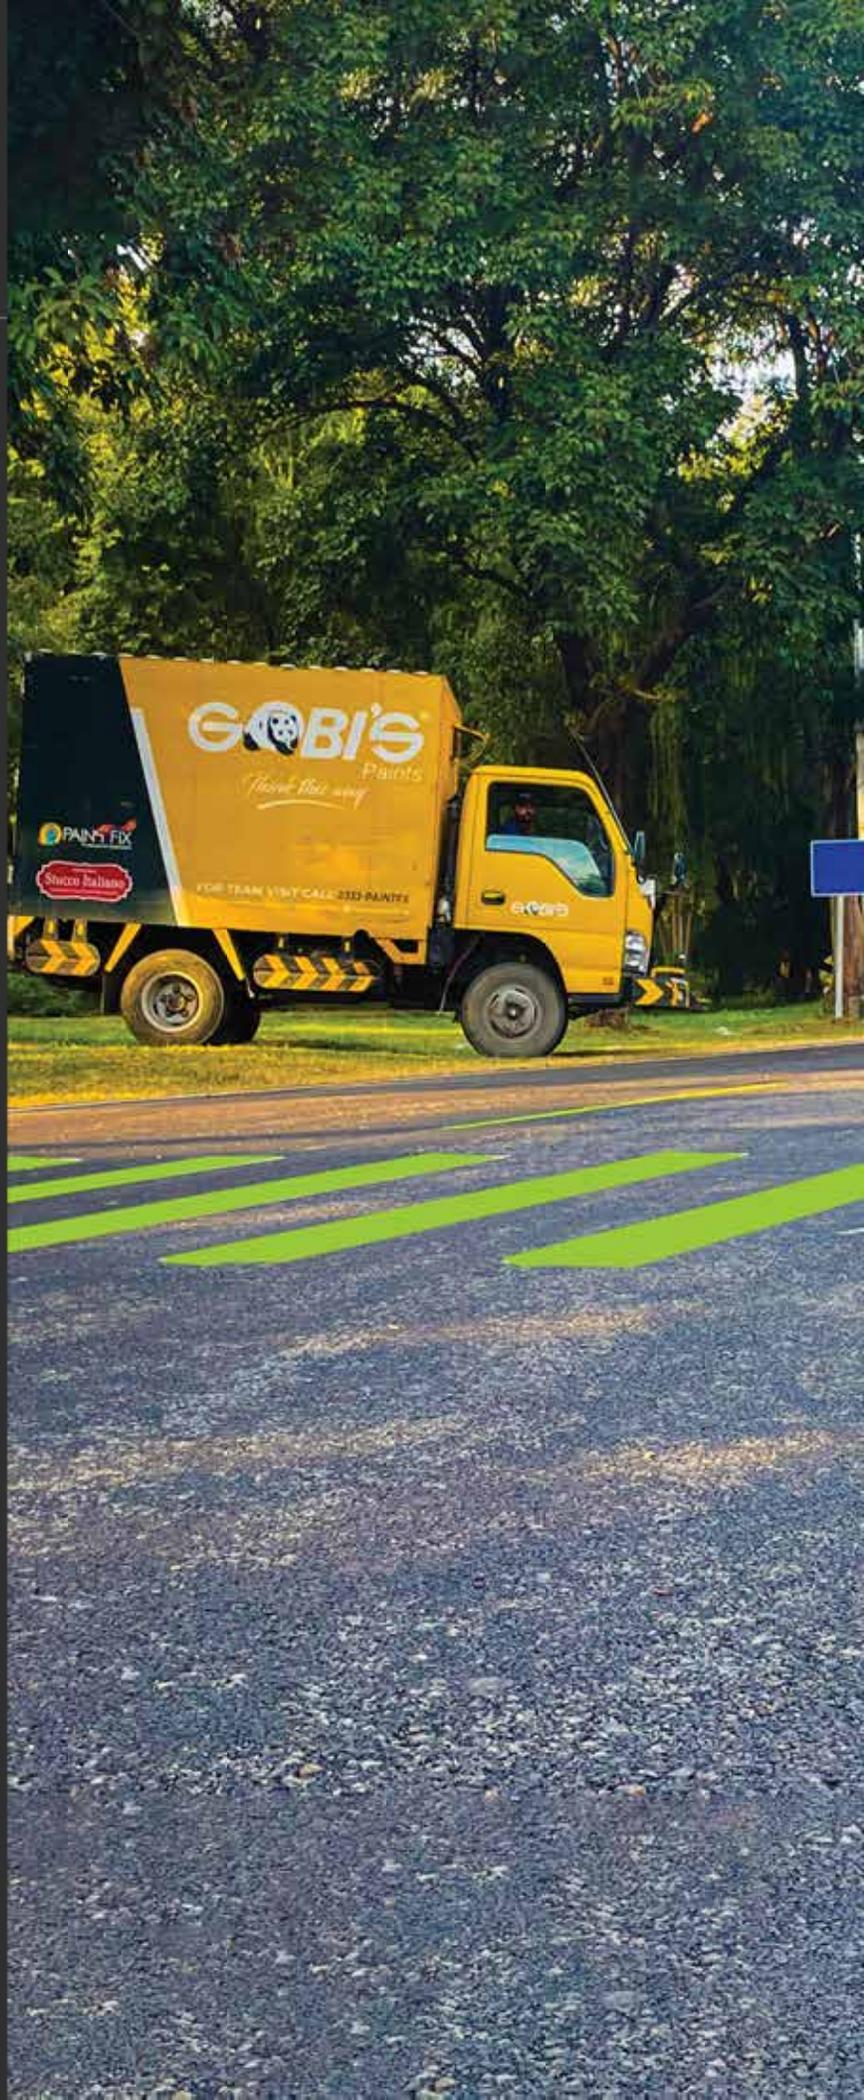

Allied Paint Industries partnered with the Akhuwat Foundation for the groundbreaking Akhuwat University, a pioneering institution dedicated to empowering future generations. Designed to reflect both vision and resilience, the university's vast interiors and exterior masonry surfaces were treated with care and precision, ensuring long-lasting protection, aesthetic appeal, and a welcoming environment for bright young minds

A history of firsts! Gobis joins hands with the innovators of Pakistan. Gobi's Paints is Pakistan's first paint company to produce fluorescent green road markings that are made to last a lifetime. This paint has been applied to Pakistan's first ever Plastic Road made with more than 10 tonnes of plastic waste. It was inaugurated at – Ataturk Avenue, Islamabad. Gobis providing a sustainable solution to key partners working towards promoting a plastic free world. It is a breakthrough solution that brings back plastic waste into the productive economy ultimately contributing to our country's progress.

Project Detail:

The Blue Line at U-Turns project on Canal Road, starting near Dr. Hospital in Lahore, is a significant infrastructure initiative by the Lahore Development Authority. Gobi's Paints is proud to be a partner in this important development, reaffirming our commitment to enhancing Pakistan's urban landscape.

Project Detail:

Meeting the exacting requirements of Heavy Industries Taxila, a military industrial complex that consists of Six Major Production Units, Support Facilities and an Administrative Establishment, was no easy task. However, we completed this call of duty, with our premium brands Gobi's Gold Emulsion, our Gobi's Enamel ranges and with the help of our in-house team of experts known far and wide for their expertise in the application of Epoxy flooring.

Project:

A two-pack solvent free self-leveling epoxy coating which gives smooth, glossy and seamless finish.

- No solvent no pinholes, no smell in confined spaces.
- Greater tolerance to high film thickness, 0.3 mm to 5 mm in single coat.
- Chemical and water resistant.
- Suitable for use at food processing facilities. Hospitals, shopping centers, industrial plant floors. ware houses, air craft hangers. garages, show rooms, pharmaceutical factories, panel rooms, laboratories etc.

Project:

- PU-Flooring is a single layer, seamless, solvent-free, polyurethane flooring system with a smooth matt surface finish.
- Easy to clean and sterilize anti-slip surface, wide temperature -15 C to 80 C00
- High thermal shock resistance for hot water and steam cleaning.
- Freeze/thaw resistant
- Non tainting and non-dusting
- High abrasion resistance for heavy vehicular traffic.
- Withstands high mechanical stress
- Good alternative to expensive acid resistant tiles
- Low odor during application
- Positive slip resistance
- Monolithic application
- Moisture tolerant

It's essential to impart our staff with top of the line training to ensure top drawer services.

Painters workshop hosted by Gobi's Paints in collaboration with Pakistan Army

Gobi's Paints has partnered with the Punjab Skills Development Fund (PSDF) to launch a first of its kind "Painter Applicator" program for 160 painters across Lahore. During the next six months, four classes of painters, in a unique combination of classroom and practical training, will be trained in essentials areas such as colour theory, type of paints, surfaces, tools, health and safety, work ethics and careers.

Here's a glimpse of the training session!

Project Detail:

To revive the grandeur of Royal Fort Lahore and reveal vibrant quintessential Lahori culture and architecture at its best, Gobi's Paints collaborated with WCLA for the restoration of the famous Lahore Food Street. In this yearlong labour of love, this precious old treasure was restored patiently paint stroke by paint stroke to its original long forgotten splendor using Gobi's Weather Guard, Gobi's Matt Finish Enamels and Gobi's Gloss Enamel ranges.

ACCREDITATION LETTERS

As one of the leading coating products and services providers entrusted with the safety, regulatory compliance and management of our clients' required processes, we consider the assurance of accreditation vital to our work.
